# Kostroma bridge over the river Volga

**The Kostroma Region is the second largest in the Central Federal District of Russia. Its regional center is located 360 km from Moscow on the banks of Volga River, the largest river in Europe. Jewelry and textile production, as well as mechanical engineering have historically developed here. The city has a calm and cozy atmosphere, a friendly attitude to visitors, and wide employment opportunities.**

# City Center

**Susanin Square is the central square of Kostroma which was built according to the general plan of the city of 1781-1784. Here you can see a unique preserved architectural ensemble of the late 18th-19th centuries. The main dominant of the square is the Fire Tower (1825), which has become one of the symbols of Kostroma. On this square there are also such interesting architectural monuments as the Shopping Arcade, the Borshchov's House, the Guardhouse, as well as the monument to Ivan Susanin (a Russian national hero of the Time of Troubles).**

# Snegurochka's House

**Snegurochka's House** - the place of residence of the fabulous granddaughter of Father Frost (Russian Santa Claus) and her assistants. The house itself is a part of the entertainment complex, which includes souvenir shops, a restaurant of Russian cuisine, a belfry and playgrounds. Exciting and informative tours are held for visitors throughout the complex.

# Ipatiev Monastery

**Holy Trinity Ipatiev Monastery is the soul and heart of Kostroma, the cradle of the Romanov dynasty, an object of Russian cultural heritage towering on the bank of Kostroma River in the western part of the city. On the territory of Ipatiev Monastery there are more than ten historical buildings. The magnificent Trinity Cathedral (1650-1652) is its main attraction.**

# Church of the Resurrection on Debrya

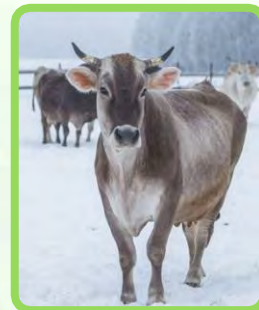

**Church of the Resurrection on Debrya (1645-1651)** is a beautiful sight of architecture and culture, one of the most visited attractions in the Upper Volga region, one of the first stone buildings of Kostroma. The church was built at the expense of the townspeople, the most significant amount was donated by the merchant Kirill Isakov, who made a fortune by trading with England.

# **Kostroma State Agricultural Academy – the first university in the countryside**

**The Academy is located in the village of Karavaevo. It is the homeland of the Kostroma breed of cows with high milk production and high live weight. As a sign of recognition of special merits in domestic agriculture, 41 employees of the Academy were awarded the title of Hero of Socialist Labor, six of them were awarded this title twice.**

**The Federal State Budgetary Educational Institution of Higher Education "Kostroma State Agricultural Academy" was established in accordance with the order of the Ministry of Higher Education of the USSR No. 1057 dated August 13, 1949 as the Kostroma Agricultural Institute. Initially, the university was located in the city of Kostroma. Decree of the Council of Ministers of the USSR No. 457 of April 25, 1958 year, a decision was made to transfer the institute to the lands of the village of Karavaevo.**

# Practical training of students

**The Academy is an independent base for educational and industrial practice. The use of modern information technologies in the educational process has been the hallmark of the KSAA for many years.**

# Organization of the work of student specialized teams

**Student construction teams of the Academy work at the largest construction sites in the country, provide an opportunity to gain production experience and decent wages at the leading agricultural and processing enterprises in Russia.**

# Innovative scientific directions

**Technologies for obtaining a healthy clonal material of agricultural crops (potatoes, garden strawberries, etc.) and quality control of planting material using modern methods of biotechnology and new generation growth regulators**

**The use of homeopathic medicines for the correction of metabolic processes in cattle and carnivores**

**Resource-saving technologies for post-harvest grain processing**

# SPORTS-MASS WORK

For those who want to go in for sports, the academy also has all the conditions. There are 10 sports sections. Students take part in sports competitions at various levels, where they win prizes.

# CREATIVITY

Students take an active part in the creative life of the academy, participating in annual events:

- «Freshman Debut»
- Traditional evenings of faculties
- Annual festival of national cultures
- Competition «Student of the Year»

# FESTIVAL OF NATIONAL CULTURES «DAY OF NATIONS' FRIENDSHIP»

Every year the academy hosts a festival of national cultures, where students wearing national costumes represent their countries by performances and dishes of national cuisine.
